Experience

02/16 - 08/18 | Machine Operator

Brentwood Plastics | St.louis, MO

I ran machines that produced plastic rolls ranging from 5 pounds to 500 pounds. I work twelve hour shifts My machine never stop running. I also drove a forklift as it was my responsibility to put away my finish skids. I was responsible for entering into my computer the weight of each roll and the weight and height of each skid when complete. Each skid had to be banned and sink wrapped. There are many more task that went along with this process.

03/13 - 05/15 |Assembley Line

Crown Services |St.ann, MO

I worked at SunDisk on a fast pace assemeily line. We put out 250 units per hour. We packed way car parts such as brake pads and roders.

08/09 - 10/12 | Cook/Cashier

Church's | Florissant, MO

I open and close the store which involves preparing the food and the equipment for the day. At the end of the day I clean most of the store. I interact with the customers when I am a cashier as well as when I'm cooking.

03/08 - 06/08 | Maintenance/Cook

Jack-In-the-Box | Florissant, MO

I fixed things that were broken, changed oil in the fryers, and also cooked. I knew how to work any station and would help out anywhere I was needed.

01/06 - 04/07 | Shift Manager

Taco Bell | St. Charles, MO

I had to open and close the store and handle the opening and closing paper work. I took care of customer service issues as well as employee issues.

01/06 – 05/06 | Sales Representative

Premier Impressions| St. Peters, MO

I sold advertising to many different businesses across America. I talked on the phone regularly and did a lot of data entry of customer orders on the computer.

07/05 – 12/05 | Maintenance

McDonald's | St. Charles, MO

I would arrive at the store early to change the grease and make sure that all the equipment was prepared for opening that morning. In the summer I would mow the grass and in the winter I would shovel the snow. I would power wash the drive thru on a weekly basis. Etc.

Work Experience

Machine Operator

Brentwood Plastics - St. Louis, MO

February 2016 to August 2018

I operated machines that produced plastic rolls ranging from 5 pounds to 500 pounds. I worked 12 hour shift and at all times I had to be alert. I also drove forklift. At Brentwood Plastics you had to be very independent, handle everything when it came to your machines. You had to cut the rolls over, weigh them, stack them on a skid, enter it in the computer. When the skid get full I had to ban the skid wrap the skid and lable it weigh it and stack it. Their was so many more responsibilities to many to list here.
