## Professional Summary

---

I have knowledge and experience with fabrication and structural welding and can read and understand AWS symbols and blueprints. I can perform both MIG and TIG and ARC welding. I have an exceptional work ethic with a willingness to learn new skills. Also have experience with operating a press brake and own a pair of dial calipers.

I bring an enthusiasm and passion to anything I do and am always willing to work extra hours. My goal is to excel above and beyond expectations.

## Work Experience

---

### **Press Brake Operator**

Monarch Metal Manufacturing-Denver, CO

June 2025 to Present

I operate an Amada Press Brake, forming various industrial components, ensuring proper dimensions and angles

### **Welder/Press Operator**

BraTek Engineering & Manufacturing-Englewood, CO

February 2025 to May 2025

I operated the press brace to modify metal components as well as operation a wide variety of hardware equipment, and welding support beams.

### **Fabricator**

Warming Trends, LLC-Englewood, CO

July 2024 to December 2024

I helped assemble and fabricate parts for stainless steel fire pits and prepared the finished product for shipping.

### **Welder/Fabricator**

Wastequip-Arvada, CO

March 2024 to May 2024

Assembling and Welding waste containers for roll off debris.

### **Welder/Fabricator**

ASSA ABLOY-Aurora, CO

August 2023 to February 2024

I worked in MIG and galvanized steel door frames, assembling door pieces and ensuring they are squared. I also finish them by grinding them down and painting over completed welds.

## **Welder**

RK MECHANICAL-Henderson, CO  
May 2022 to May 2023

Completed internship and gained certification in flux core welding, MIG and TIG and ARC welding. Hired full-time after internship completed. Received specialized training in robotic welding.

## **Sales Representative**

COBBLESTONE CARWASH-Lakewood, CO  
June 2021 to May 2022

selling memberships, guiding vehicles into the wash and maintaining the wash.

METRO EXPRESS CAR WASH  
August 2019 to June 2021

I worked as a customer service representative assisting with the pay terminals, working sales, and performing maintenance tasks.

Tonys Market  
October 2018 to August 2019

I worked the meat counter wrapping products, cutting meats, and assorting the inventory.

King Soopers  
February 2016 to May 2018

I worked in produce, front end, and the bakery department assisting customers, providing directions, taking in carts, and housekeeping.

## Education

---

### **Welding (CERTIFICATE OF FABRICATION WELDING)**

COMMUNITY COLLEGE OF DENVER-Denver, CO  
August 2019 to July 2022

### **ASSOCIATES DEGREE**

ARAPAHOE COMMUNITY COLLEGE  
May 2016

### **HIGH SCHOOL DIPLOMA**

HERITAGE HIGH SCHOOL-Littleton, CO  
May 2014

## **Trade school**

## Skills

---

- Communication skills
- English
- Sales
- Shop math

- Power tools
- I am very focused and driven.
- MIG welding
- Have steady motor skills and craftsmanship.
- Hand tools
- Precision measuring instruments
- Press brake machine
- Proofreading
- Mechanical knowledge
- Calipers
- Fabrication
- Blueprint reading
- TIG welding
- Warehouse experience
- ASME codes & standards
- Stick welding
- Customer service
- Basic math
- Welding
- CNC
- Have an unwavering work ethic and sense of accountability.
- Can weld in flux core, SMAW, tungsten and oxyacetylene.
- Sheet metal
- Plasma cutting
- Forklift
- Load & unload
- Heavy lifting
- I am enthusiastic about learning new skills and improving myself.
- FCAW
- Schematics
- Writing skills
- Time management
- Tooling
- Assembly
- Specialized Training in Robotic Welding at RK Mechanical
- Computer skills
- Manufacturing
- CNC laser cutting

## Certifications and Licenses

---

**Driver's License**

**AWS D1.1**

**Welding Certification**

**CDL A**
