I am a very driven and motivated individual that would like to become a crucial part of a shop and/or install crew for an established shop. I've got skills/experience in many different aspects of construction and would like to find a position where I could put my skills to good use while excelling with the company

Willing to relocate: Anywhere

Authorized to work in the US for any employer

Work Experience

Countertop Installer/ Home Remdeler

COUNTER INTELLIGENCE - Arvada, CO

September 2018 to February 2022

Mainly focused on countertop installations as well as full slab porcelain fabrication/installation. We also installed cabinets, flooring, drywall/ drywall touch up, as well as appliance removal and installations and many other custom applications.

Event Set up Specialist

Dynamic Events - Denver, CO

May 2017 to November 2018

Fabricated/Installed different dimension modular walls for temporary events that would come to town. We also offered simple pipe & drape booths as well as rented out many different size glass showcases for customers products. once those were in place we could set up custom truss configurations as well as the lighting to showcase products properly.

I was also a fabricator in the shop which consisted of building custom rolling racks, stands, repairs, showcases and more.

Very familiar with all power tools*

Mig Welder

C&D METALS - Thornton, CO

February 2015 to May 2017

Variety of products welded & assembled ranging from mild steel Mig Welding, as well as some exposure to Tig Welding both stainless steel as well as aluminum assemblies. Familiar with oxyacetylene torch, plasma cutter, band saw, overhead cranes, as well as 2+ years forklift experience.

Education

Vocational in Welding

Collbran Job Corps - Collbran, CO

February 2008 to January 2009

High school diploma

Grand Mesa High School - Collbran, CO

February 2008 to January 2009
