ADDITIONAL EDUCATION

Graduated from New Legacy Charter School 2023

Dedicated and driven Apprentice Electrician with a solid foundation in electrical principles and a commitment to maintaining high safety standards. Equipped with hands-on experience from diverse roles, including car detailing, and online grocery order filling, which has honed my problem-solving skills,

attention to detail, and ability to thrive in fast-paced environments. Demonstrates technical competence, strong teamwork, and bilingual proficiency in English and Spanish. Recently completed specialized training and certifications to advance in the electrical field, showcasing a proactive approach to professional development and a readiness to contribute effectively to electrical projects. I am also eager to learn new skills going into my desired career I am always open to learning new skills and take feedback to better myself and do better for my job and the environment around me

Customer service experience worked well with customers provided great communication and helped to the best of my ability

worked well with other coworkers as well as alone

- I would always try to get good surveys for Online Grocery pickup so customers would come back or even tell new people to give online pickup a try

- Great communication with my managers/supervisors/co workers

- I'm also a good visual learner I can learn well by just watching but I'm also good at hands on learning with supervision with things that I lack on

- I can also work well with others as a team

- Handled customer packages with precision and attentiveness, ensuring appropriate care for each package based on its specific requirements.
- Completed a safety class focused on the proper and cautious handling of packages, including protocols for managing hazardous materials effectively
- Worked effectively in various designated areas, consistently delivering high-quality results. Excelled both independently and as part of a team, thriving with minimal supervision. Maintained composure and efficiency in fast-paced and stressful situations.

Handled customers packages with care and was always thoughtful on how to properly handle different packages

- Took a safety class on how to properly handle packages and how to do it safely and cautiously as well as how certain hazardous packages needed to be properly dealt with

- Would always ask for help if I needed help lifting a heavy package or had a question or concern to a coworker or supervisor

I would work in different designated areas and would do the work well and do the best quality work I could -

Worked well with the team that I had and also worked well alone and would work well with no or little supervision as well as being watched by supervisors - Worked well with the job being fast paced at times I'm able to keep calm in stressful situations
