Production/Warehouse- Dependable warehouse and production worker with hands-on experience in loading and unloading trucks, organizing inventory, stocking shelves, and supporting fast-paced manufacturing environments. Skilled forklift operator with a strong safety record and the ability to move materials efficiently and accurately. Known for reliability, teamwork, and maintaining clean, organized, and high-performing work areas.

Experience

10/2025 – 02/2026

Receiving Specialist | Milgard Windows | Henderson, Colorado

Efficient and detail-oriented Receiving Specialist responsible for unloading inbound materials, verifying shipments, and ensuring accurate inventory flow to support window and door production. Inspected incoming products for quality, matched deliveries against purchase orders, and documented discrepancies. Operated forklifts and material-handling equipment to move, stage, and store materials safely. Maintained clean, organized receiving areas and collaborated with warehouse, production, and purchasing teams to keep manufacturing lines supplied and running smoothly. Consistently met productivity standards while following Milgard's safety and quality guidelines.

01/2025 – 10/2025

Commercial Helper | Republic Services | Commerce City, Colorado

Supported commercial waste collection routes by assisting the driver with safe and efficient pickup of dumpsters and containers. Loaded and secured waste materials, operated packing mechanisms, and ensured all stops were completed according to route schedules. Maintained clear communication with the driver to navigate tight spaces and prevent hazards. Followed all safety procedures, PPE requirements, and company policies while working in fast-paced, outdoor environments. Provided professional customer service during pickups and helped keep equipment and trucks clean and operational.

11/2023 – 01/2025

Painter Assistant | Dan's Paint, LLC | Denver, Colorado

Supported lead painters by preparing interior and exterior surfaces, including sanding, scraping, masking, and cleaning work areas to ensure high-quality finishes. Mixed and matched paint, set up ladders and equipment, and maintained brushes, rollers, and sprayers for daily use. Assisted with taping, priming, and applying paint under supervision while following safety procedures and protecting surrounding areas from overspray or damage. Helped load and unload materials, kept job sites organized, and contributed to efficient project completion through reliability, teamwork, and strong attention to detail.

05/2022 – 10/2022

Landscaping Crew Member | Phil's Yard Clean-up | Thornton, Colorado

Performed residential and commercial yard clean-up services, including mowing, trimming, raking, leaf removal, and debris hauling. Assisted with pruning shrubs, pulling weeds, and preparing garden beds to improve overall property appearance. Operated basic landscaping tools and equipment safely, such as trimmers, blowers, and push mowers. Loaded and unloaded materials, maintained clean work areas, and followed daily job schedules. Worked efficiently in outdoor conditions and contributed to a reliable, hardworking crew focused on quality results and customer satisfaction.

Skills
