

Esther Handy

10446 18th St Greeley, CO 80634 | +1 970 793 0346 | Luvmyboys1016@gmail.com

Professional Summary

Dynamic professional with 9+ years of experience in material handling and forklift operations. Skilled in maintaining safety standards, operating industrial equipment, and executing cleaning protocols in fast-paced environments. Proven ability in adhering to strict safety and sanitation procedures, complemented by OSHA and Forklift certifications, ensuring compliance and efficiency in warehouse and production settings.

Work Experience

Forklift Operator

AEROTEK TEMPORARY STAFFING AGENCY | Windsor, CO

October 2020 to April 2026

- Operated forklifts including sit-down, stand-up, and reach trucks to transport materials safely and efficiently
- Performed daily forklift maintenance checks ensuring optimal equipment performance and adherence to safety protocols
- Followed strict safety procedures and quality control standards to maintain a safe warehouse environment
- Managed warehouse operations including unloading, receiving, inspecting shipments for damage, and verifying accuracy against documentation
- Routed and staged inventory accurately, supporting warehouse distribution and shipping/receiving processes
- Documented inventory changes and maintained compliance with company policies and continuous improvement initiatives

Material Handler/Forklift Operator

PTI Transportation | Greeley, CO

May 2016 to September 2020

- Operated forklifts and pallet jacks to load, unload, and move goods between warehouse locations in compliance with OSHA and safety standards
- Conducted equipment inspections and maintained safety-first practices to ensure operational safety
- Documented production data and inventory records accurately, investigating discrepancies to maintain inventory control
- Supported special projects involving large quantities of materials, optimizing loading methods to maximize efficiency
- Evaluated material flows and facility layouts to recommend improvements enhancing operational sequences and equipment utilization
