PROFESSIONAL SUMMARY

Experienced CNC machinist with 11 years of experience with different controls methods, setting up, running, and some programming knowledge. Proficient in problem solving, and blueprint reading and have a high attention to detail. Can work in a team environment or alone to handle demanding projects and have a strong can do attitude with a history of exceeding employer expectations.

SKILLS

- Blueprint reading
- GD&T Knowledge
- Quality
- Program Revision
- Operate and set up Mills/Lathes
- Great work ethic

WORK HISTORY

CNC Machinist II/Programmer - September, 2023 to February, 2026

Whipmix - Fort Collins, Colorado

- Ran CNC chuck style lathes, and swiss lathes, 3-4 axis mills, drill presses, saws and machine set ups
- Adjusted programs and resolved programming errors
- Followed complex blueprints, created parts at tight tolerances up to .0001
- Made tool offset changes and program changes
- Resolved troubleshooting issues

CNC Machinist II - December, 2022 to July, 2023

Manes Machine - Fort Collins, CO

- Ran 3-5 axis CNC mills including Mazak, Okuma, and Makino manufacturing parts for aerospace
- Set up included removing fixtures and rebuilding tools on heat shrink according to set up sheet
- Materials include Steel, Titanium, and Aluminum
- Used a variety of measuring tools and kept tolerances up to .0001
- Ran a Fastems Control system controlling 9 Mazak machines at the same time on a daily basis

CNC Machinist I - August, 2021 to October, 2022

Woodward - Fort Collins, Colorado

- Ran 11-axis CNC Okuma Multus U4000, and U3000 at the same time daily
- Did complex set ups on machines and rebuilt tools
- Used Steel and aluminum bar stock
- Did first article inspections
- Used a variety of measuring tools including CMM for proper production
- Worked safe using proper PPE

CNC Production lead - August, 2017 to August, 2021

Luxfer Gas Cylinders - Riverside, CA

- Ran a team of 15, assigning to work stations, and ensuring production expectations were met
- Responsible for scheduling of employees
- Assist in daily production operations

2014

California City High - California City, CA
