Work Experience

Machine Operator

BAND-IT - Longmont, CO

September 2022 to January 2023

I run a machine called the edger it would cut the edges of the band so they would not be so sharp when I first started I ran double of what their goal was.

Order Picker

Penske Logistics, Multiple Locations - Indiana

March 2019 to 2022

I was in order selector for Penske which we worked for Kroger I always ran 100%

Order Picker

Great American Furniture Warehouse - Longmont, CO

May 2012 to July 2016

Started off doing shipping and receiving then they moved me to a picker where I was scanning material from the docks and loaded them into the racks and I also was on deliveries for that job

Cabinet Builder

Concept32 - Longmont, CO

December 2005 to June 2011

I started off in the Assembly Building cabinets made my way to the deliveries and then after that I got moved inside running a beam saw and did a edge Bender then I was moved to dovetails also knew how to run the forklift and everything else in that shop

Education

High school diploma

Weld county high-school - Longmont, CO

August 2008 to May 2009

Skills

- CNC
- Forklift
- I know how to run an edge bander a beam saw I also used to do deliveries build dovetail drawers and also did doors
