### **Assembly Line Worker**

Truck Hero - Springfield, MO  
December 2020 to June 2021

We produced truck bed covers, working with power tools and as a big team broken down into smaller teams. Counting and Measuring orders, keeping a fast pace environment, clean area, keeping track of orders, task management, working ten hours of physical labor 5 and 6 days every other week. Keeping an upbeat attitude. Working around inventory issues and keeping on my toes for quick decisions and last minute changes. I pride myself on being very quick and adaptable, efficient and catching quality issues early. The facility I worked in was a very simple manufacturing production line.

### **Food Service, Food Safety, Dish Room, Food Prep**

Braiden Dining Hall CSU - Fort Collins, CO  
October 2018 to October 2020

Grill, Fryer, Deli.

Working here was a good mix of teamwork and leadership for me. When I left I could run every station with excellence, quality service and an efficient speed. Of course I was better at the fast paced stations such as grill, fryer, and the dish room than I was with prep and slower areas. We covered FIFO, and ServSafe in our facility. Worked the register and was good with keeping time for food and dish work, as well as breaks. Keeping open and constant communication with what we were serving, when it would be needed, and constant checking in with Classified cooks and supervisors.

## **Night Freight Worker**

Braiden Dining Hall CSU - Fort Collins, CO
