Work Experience

Procurement Intern

Sierra Space Corporation - Broomfield, CO
May 2023 to August 2023

Accelerated Sierra Space's Tail 1 project by:

- Assisted procurement to create and send RFQs to suppliers
- Communicated with internal departments to assist answering questions from suppliers
- Data entry (tracking RFQ progress, supplier response rates, etc.)
- Facilitated the onboarding of new suppliers

Externship

Woodward, Inc. - Fort Collins, CO
January 2023 to May 2023

Worked with Woodward Inc. to help shift their current supplier scorecard to meet current operational and financial objectives. Actions taken include:

- Evaluated current scorecard
- Researched other scorecards within the industry
- Developed questions to ask stakeholders and conducted interviews, both internally and externally
- Consolidated and analyzed data to determine outcomes and proposals

Procurement Intern

Waldom Electronics Corporation - Rockford, IL
May 2021 to August 2021

- Ensured purchase order information was accurate and properly logged by the distribution center's EDI
- Expedited and changed delivery dates
- Communicated with suppliers such as Molex and TE Connectivity for updates in information
- Gained brief experience with warehousing operations

Education

Bachelor of Science in Supply Chain Management

Colorado State University (CSU) - Fort Collins, CO

August 2019 to Present

Skills

- Logistics
- Procurement
- Supplier management
- Operations management
- Lean Six Sigma
- Risk management
- Sourcing

Certifications and Licenses

Certified Supply Chain Analyst

October 2022 to October 2025

This program is designed to provide you the opportunity to demonstrate your mastery of the body of knowledge relating to the basics of the supply chain. Foundational topics, theories, decision aids, strategies, etc. will be presented in a clear and concise manner. Specifically, some of the topics presented are Sourcing, the role of inventory in the supply chain, MRP, and Transportation. Beyond these specific supply chain topics, related issues such as Team dynamics, Sustainability, Lean and continuous improvement tools, will be presented. A CSCA designation demonstrates your expertise.
