called in and needs to be put on hold family emergency.

**Objective**

After 34 years with IBM I would like to continue to expand my work skills and use my knowledge and experience to take on new and challenging work

**Experience**

**Shipping/Receiving Technician**

**Rochester MN**

**IBM - 01/01/2000-03/28/2012**

Lead person for a receiving and shipping department. Responsible for the accurate and proper inventories and transport of goods and material as well as the documentation and records of these goods and material. In this function I was responsible for training and giving work direction to other people in the department. I interfaced with project managers, buyers, and people in the transportation industry and inventory control. I use many data systems ie.(Mapics, Brio, RPDS, Lotus, WordPro) as well as the IT infrastructure that is used by IBM employees on a day by day basis. I can operate any kind of fork truck and overhead crane.

**Care Giver**

**Rochester MN**

**Sunrise Cottages - 01/01/2002-01/01/2003**

Worked part time at Sunrise Senior Living Center providing care for people with Alzheimer's. My duties included feeding, bathing, personal care, activities, and helping with the daily functions that the residents could not perform. I had to use people skills and empathy while working with the family members of the residents while adhering to all the rules and regulations that are required in a Senior living Center

**Chemical Specialist**

**Rochester MN**

**IBM - 01/01/1990-12/01/1999**

Chemical specialist for a laboratory raw card manufacturing department. These duties included ordering all chemicals and raw materials that went into the production of the cards, testing the chemical lines and making the adjustments as needed as well as running the equipment that went into the process and testing of these cards. I had to work daily with the engineers, managers, and laboratory designers to ensure the proper process and procedures were implemented to achieve the required results. I was instructed in chemical handling and training and computer card handling.

**Plastic press Technician**

**Rochester MN**

**IBM - 03/13/1978-01/01/1990**

2<sup>nd</sup> shift department technician in the Plastic Press and Model Shop. I set up maintained and debugged the equipment. I was responsible for leading and giving work direction to the employees as well as training a educating them in their responsibilities.

**Education**

**Rochester Community College, Rochester Technical College, John Marshall High School**

**Rochester MN**

- Rochester Community College on going
- Rochester Technical College 09/01/1992-05/12/1993 Electronic Technician
- John Marshall High school 09/1970-05/01/1973
