Fort Collins, CO 80525 (970)786-1119

I take pride in my work. I pay attention to details and complete each task from start to finish. Quality is always better than quantity. being fast and efficient is my goal. I believe in doing everything right the first time, because if you have time to do it a second time...there was time to do it right the first time.

Work Experience

- with **Balance Point** from **March 2019** until **January 2020**.
- I can read construction **blueprint** and install **ductwork** according to plan.
- I Installed **commercial** grade **ductwork** such as: **Snaplock, TDC, Spiral, S-lock and Drive, Round Pipe, and Flex Duct**.

Lead Technician.

NoCo Heating and Cooling

- I was employed by **Tom Griffin** at **NoCo Heating and Cooling**. I held the **Lead Installer** position from **April 2018** until **October 2019**.
- My duties included: The installation of new **furnaces, Air Conditioners, and thermostats**.
- **Service calls** were also a big part of my job.

Sheet Metal Installer.

Air Comfort Inc.

- At Air Comfort I was part of a **team operation** for **Commercial** installs. **Supplies, Returns, Fresh air intakes, and Exhaust**.
- Installed **TDC** Duct to feed the supply and return.
- I was employed with Air Comfort from **March 2016** until **March 2018**.

Lead Field welder.

Advance Tank and
Construction

- From **March 2013** until **February 2016** I assisted in the **production** of flat bottom storage **tanks** using various types of **welding** technologies.
- I **trained** other Welders and **inspected** the **quality** of welded joints.
- I Have the ability to pass **X-Rays** using **multiple** welding applications.

Team Leader.

Hexcel Corporation

- At **Hexcel** Corp. I **managed** 12 people to insure the **proper** and **ontime** shipment of blade kits.
- **Troubleshooting**, and **maintenance** of cutting tables to insure **proper** function of all **automated machinery** was also one of many responsibilities.
- I also helped on the **production** line producing the **resin** carbon composite used it the **manufacturing** of **Turbine Blades**.

Assembler.

Dakocytomations

- During the years from **2006** until **2009** I built sub-assemblies on a **production** line for **medical** grade **machinery**.
- These **machines** assisted in the testing of **skin cells** for various types of **cancer**.
- While at Dako. I moved up from **sub-assemblies** to **building** the **machines**.

**Mechanical/Electrical
Assembly.**

CBW AUTOMATION

- In February 2003 I joined a company called CBW Automation. At CBW, I played a roll in the production of Automation Robots.
- I built and wired automated packaging machines for the plastic mold industry
- At CBW, I learned how to read blueprints, electrical schematics, and pneumatic drawings as well. I left CBW in 2006 for a better job offer closer to my place of residency.

College

Associate in Welding technologies

Front Range Community College.

May 2009 to March 2013

- **Blueprint Reading**
- **arc welding**
- **mig welding**
- **torch cutting**
- **brazing**

Military Service

Commendations:

1. Leadership

Award.

2. Platoon Leader

United States Army:

Rank: E-3.

September 1998 to *February 2002*.

M1A1 Abrahm Tank Mechanic.

- **Troubleshoot** power pack (**engine** and **transmission**),
- Replaced and repaired components, **wiring harness**, and rebuilt starters.
- Maintained **hydraulic** systems and **Trax systems** on all **Trax** vehicles
- Performed maintenance on all other aspects of the **tanks** to ensure proper operation.

Diesel Engine Mechanic

- Performed **preventative maintenance** on all **diesel** powered vehicles, including **tanks** and heavy **Wheeled** vehicles
- Broke down and rebuilt **diesel** engines. Changed fluids, lubed fittings, and insured proper operation.
- **Heavy Wheeled Vehicle Mechanic**
- Performed **maintenance** on 1 ton, 2 and 1/2 ton, and 5 ton trucks.
- Worked on **drive** train, **power** train, and **suspension** systems. 3. H8 Recovery clarification

Certifications and Licenses

Mig welding

1. Flux core, F1, 1/2 inch to infinity thickness 2. F2, F3, F4 certified

Stick welding (Arc)

1. 7018 -F1, F2, F3 ,F4 2. 6010 - downhill

Pipe certified.

1G, 2G, 3G, 4G, 5G, 6G 2. 6010 Root, 7018 hot pass and cover

EPA certification to handle refrigerants

Assessment

S

Mechanical Skills: Aptitude – Highly Proficient November 2019

Understanding and applying mechanical concepts and processes.

Construction Safety – Highly Proficient September 2019

Using safe practices while on a construction site.

Basic Maintenance and Repair – Highly Proficient November 2019

Performing basic repairs and maintenance for apartment complexes, office buildings, and other facilities.
