elevatedcclean@gmail.com

Well rounded in knowledge of the construction industry, equipment, and excels in hard work, dependability, long time customer service experience, and team work. Performs well in areas of organization, problem solving, taking direction with little to no supervision. Has past entrepreneur and personal business management experience having created and operated his own construction cleaning business. Possesses excellent relationship building and retention nurturing familiarity amongst customers in various fields of the construction and product sales industry. Focuses on job safety and cleanliness of appointed job areas. Friendly, approachable, and enjoys working with people. Currently seeking to work for a well established, professional, caring, and progressive company with plenty of opportunity for growth and advancement.
