720-300-7426

CNC Machinist with skills and training in CNC Manufacturing both manual and Mastercam X9 programming. Looking for experience as a production technician or entry level production operator and assembler. Highly motivated to use education and skills in manufacturing, operating various technical tool equipment.

Willing to relocate to: Denver, CO

Authorized to work in the US for any employer

## Work Experience

---

Walmart/Evergreen Location #

July 2018 to Present

### **Machine Operator**

Spyderco - Golden, CO

March 2019 to March 2020

I completed all required orientation and training for operating several different machines involved in metal fabrication of Spyderco knife blades including double disc grinder, hollow grinder, Okuma mill, Bridgeport mill, sharp Lathe, VG3, rotary surface grinders. I had good attendance, good safety record, no failure of equipment, good relationship with coworkers.

## Education
