Work Experience

Warehouse Worker

Only Natural Pet - Longmont, CO

January 2018 to March 2018

Come in every morning and grab a stack of online orders. I then walk thru all of our inventory grabbing and picking items needed to fulfill each online order i have. I keep them separated and then once my cart is full, i walk over to our truck loading area and proceed to box each order individually and tape it up and then place inside of our Fed-Ex truck, where it gets sent out for delivery. I also take time to clean the area i was boxing and working in and restock items we need to help us complete each order, such as boxes and tapes and flyers and inserts.

Shipping and Receiving Clerk

Circle Graphics - Longmont, CO

November 2017 to December 2017

I help process inventory and sort out packages. Once all orders are complete i scan and process them and palletize them and prepare them for shipping. I help clean and sort works areas.

Carpenter Apprentice

Mountain state framing - Longmont, CO

August 2017 to September 2017

There i would load/unload equipment, tools from the truck as needed per job site. Make sure inventory was accounted for and stock/refill items. Assist everyone with anything they needed. Measure and cut wood as needed. Assist in building.

Custodian/Janitor

Aspen Personnel - Longmont, CO

May 2017 to July 2017

My location was the IBM building in Boulder, Colorado. First thing i would do every morning was check in with the supervisor and see if there were any special needs, tasks, or assignments that needed to be completed. I would then grab my cart and restock every supply item i needed. I would then proceed with my duties. I would walk to every designated locations check and restock items as needed. Then clean, mop and sanitize everything and carry on with my route. Head back to the office and restock my cart and then proceed with another rotation.

Warehouse Worker

Preferred Paper Products - Longmont, CO

September 2016 to March 2017

I would check an order list every morning. Then i would proceed to help manufacture certain orders. Then i would gather all products and final inspect them. Gather all items and put them on pallets, wrap and package them, and load them for shipping. After all regular orders were completed i would check all special orders. I would pull all materials, manufacture, and package and load those for delivery. I would then have to restock all materials used. Clean all work stations, sweep floors and empty all trash.

Painter/Stainer/ Finisher

Woodleys Fine Furniture - Longmont, CO

June 2015 to 2016

First thing everyday i would check in with the supervisors. I would suit up and prep my paint gun/ machine. Then load all orders and proceed to spray and wipe all orders. Once i was done, i would have to quality inspect every piece for flaws. Fails would be touched up, or completely resprayed if need be. Acceptable products would then be sprayed with sealer and sanded to a smooth feeling. Then they would be moved to be sprayed with lacquer. Once completed they would be inspected once more, and passed onto the next department. At the end of every shift i would clean up all work area's, and floors. I would also clean and change the spray booths every 2 weeks or as needed. Cleaning of the spray booths would consist of changing the air filters and booth walls.
