+1 970 599 2352

My goal is to study the environment and work ethics to develop better situational awareness and assess multiple task completions with strict positive outcomes. Self expectancy is evident to know the position well and create an excellent work environment and moral compass with my associates.

Authorized to work in the US for any employer

## Work Experience

---

### **Warehouse Associate**

Anheuser-Busch InBev - Fort Collins, CO

June 2021 to Present

The assignment I have here is gathering material information and essential resources from various spots, Cataloging items together to our customer market and communicating with our affiliates and team to ensure proper shipment and receiving in and out going products.

### **Factory Worker**

Vestas Blades Americas - Windsor, CO

October 2018 to September 2019

Worked with resin materials to create molds and repair wind blades for wind dependent power systems.

### **Food Services of Americas**

Food Production - Loveland, CO

May 2018 to August 2018

Worked in a warehouse with powered pallet Jack operators making order lists and compiling consumable perishables for the common stock concentrates of cookware.

### **General Laborer/ Operator**

Martin Marietta - Taft Asphalt Plant - Fort Collins, CO

July 2016 to May 2018

Assigned laborious tasks and thrived in excessive heats and weather changed environments, this job contained the more heavier and sturdier heavy lifting and control of diesel heavy equipment thus allowed training in on field maintenance when necessary.

### **Security Officer**

Citadel Security - Boulder, CO

November 2015 to November 2015

Short term but not short lived without reason. This experience was not without worthy results. Primarily trained for understanding and undertaking the need to watch others but prediction and precision are a mandatory must. Attention to detail and order is a practice that became a huge benefit for all of those

around us. Main practice was watching over college facilities and restricting unauthorized access to non employees for future jobs and understanding de escalation.

### **Host**

Applebees - Loveland, CO  
September 2015 to October 2015

Job I took being in mind of understanding the workforce being younger to make better communication skills and learning about my usual and newer customers to strive making a better in person profile to those I make contact with.

### **Groundskeeper**

Allison-Shelton Real Estate - Loveland, CO  
May 2015 to August 2015

Worked with a management team to keep my surrounding areas clean and tidy as capable as possible during the season I worked under different working conditions and helped a few maintenance projects be it inside some apartment complexes or outside with property visuals like signs or fieldwork.

### **General Laborer**

Walsh Construction - Loveland, CO  
November 2014 to March 2015

First construction placement I've had. Worked short term but learned to maintain my first work truck and keep a pace in cold conditions. Position was minimal considering my job was not called upon often because I was new to the industry and employee needs was already low due to high employee count.

### **Deli Clerk / Courtesy Clerk / Night Crew**

Safeway - Loveland, CO  
June 2013 to April 2014

My position here was communication with back to back orders and food handling, cooking and preparation. Trained on food safety basics and learning new tools such as meat slicers and temperature control.
