WORK EXPERIENCE

In-house technician

McDonald's - Wheeling, IL - July 2007 to Present

Responsibilities

I started as a cashier taking Care of our guests, helping to keep the restaurant clean, re stocking inventory. Moved up to shift manager were I was responsible for either the opening the restaurant and running the breakfast shift, running the lunch shift, or running the dinner shift and closing the restaurant. A year later I was promoted to Restaurant general manager. I was in charge of one of our 6 locations. About a year ago I was given the position of the in-house technician in which I am responsible for maintaining and repairing the equipment at all 6 locations.

Accomplishments

Developed fast and friendly crew. Developed a new management team for our restaurant. Improved customer satisfaction. Increased restaurant profitability.
