## OBJECTIVE

---

I am a hard working individual who strives off of new challenges in order to create the proper solution for any type of situation within the work place. My extensive experiences vary from a wide range of different ability's that would include, construction (industrial, commercial, and residential), merchandising/marketing, property and harbor maintenance, security, professional body art, production line/manufacturing, retail, and warehousing industry's. i enjoy working in team groups to successfully work together to get the job finished correctly and in a timely matter. I also have a proven track record of being self motivated with the ability to work without the direct supervision of higher personnel on any job site.

## WORK EXPERIENCE

---

**Home Depot**, Greenwood Village, Colorado USA 05/2011 - Present  
*Over Night Freight Stocking*

My responsibilities would include properly placing new freight stock products on the shelf, making sure the proper inventory counts are tagged on the boxes. I am certified to operated the fork lifts, o.p., reach, slip, and electric pallet jack. I am reasonable to go around and pull down pallets from the overheads, put up the overstock with the O.P. in the proper place to make sure the over heads are striped. I have helped with training with new employees as well.

**Neve's Uniforms**, Denver, Colorado USA 04/2010 - 05/2011  
*Stocking Delivery's Uniform Processing Ordering and Expediting*

Neves Uniforms is a law enforcement retail/distribution center for firearms, uniforms, etc. I would place orders for law enforcement badges, bullet proof vest's, insignia's, holsters, etc. When I started working there I was processing uniforms for alterations and shipping. Then I expanded into expediting backorder and placing orders for vest's, badges, insignia's, and also processing vest alteration orders for warranty's. I would go to all the different police departments and fire stations around the Denver, westminister, Thornton and surrounding areas to make delivery's. Also I would do merchandising resets and putting stock away and processing warranty and repair parts for flashlight. And i would also do gun sales, invoices for departments, and install night sight's on their firearms.

**Colorado Quality Products**, Denver, CO USA 2009 - 2010  
*Production Line and Manufacturing*

I would help run the production line for manufacturing top end beauty and cosmetic products, such as shampoo's, conditioners, body soap, face creams, anti-again cream, etc.

**Aramark**, Bullfrog (Lake Powell), UT USA 2008 - 2009  
*Property and Harbor Maintenance*

My responsibilities would include, full remodels on living establishments including small repairs as well, rebuilding harbor docks and moving them due to water levels rising. I would also do marina account budgeting, gas orders, parts ordering and check in, carpentry, pluming, small

electrical work, swamp cooler repairs, painting, wood refinishing, towing vehicles, and expense advances for pain travel training.

**Crossroad Services Inc.**, San Leandro, CA USA

2006 - 2008

*Merchandising Vendor*

I would travel Monday through Friday out of state to build new store Home Depots. I have traveled out to CA, WY, CO, WA, OR, and Guam. My responsibilities would include display building and maintenancing, planogram set integrity, readying blueprints, organize all overstock, building strong employee and customer relations, price tag maintenancing, R.T.V. processing, and employee training.

## **EDUCATION**

---

**Dakota Ridge High School** Littleton, CO USA

2002 - 2006

Diploma

## **SKILLS**

---

I have many different qualifications such as being able to train other new employees, I am certified in skyjack scissor lifts, OSHA certified respirator fit test approval, the ability to read and follow blueprint specifications, and very timely orientated and organized. I am able to work without the direct supervision of a high authority employee, and also I'm able to work in large groups and take leadership in getting the job done. I am also certified in driving fork lifts, electric pallet jack, slip, reach truck, and the order picker.
