Builder/Painter/Laborer

TLC Building Restorations - Fort Collins, CO

September 2014 to February 2015

Work fast and effectively while operating power tools in a safe manner. Clean all construction areas to avoid hazards. Cut materials to specified sizes for installation using power saws and tile cutters. Worked with tools such as pruning saws, hedge and brush trimmers and axes. Painted walls, exteriors and interiors of buildings and furniture using brushes, rollers and spray guns.

Melting Production Conv-Op 2

Kodak/Carestream Health - Windsor, CO

August 2004 to December 2013

Melting Conv-Op 2

Monitored and operated process systems and quality control testing performance for melting area during coating of X-Ray film and Paper products. Maintained proper chemical inventories. Made sound and logical judgments regarding process changes. Closely inspected equipment for safety problems, leaks and wear and tear. Reviewed the daily computer log and reported any inaccuracies in the process board. Responded to and initiated proper corrections to process alarms. Completed start-up and shut-down checklists during linstops. Maintained correct temperature, levels and pressures on process systems and equipment. Directed routine preventative maintenance such as adjustments, cleaning and painting equipment. Communicated effectively with operators, team leaders and supervisors on a technical level. Maintain 5s cleanliness, and keep work areas well organized. Apply standard work to daily routine. Use the Stop-Call-Escalate process efficiently.

Crew Leader

Envirogreen - Fort Collins, CO

April 2001 to August 2004

Crew Leader for 1 of 2 crews during lawn care seasons. Check and load all equipment needed for daily mowing and seasonal cleanups. Maintained and enforced a safe and clean working environment at all times. Coordinated preventative maintenance on existing and new equipment, including routine calibration. Established and adjusted work procedures to meet production schedules. Drove company truck and trailer with equipment to and from customers locations safely and in a time efficient manner.
