(612) 704-9818

My goal is to thrive in a stable work environment.

Willing to relocate: Anywhere

Authorized to work in the US for any employer

Work Experience

Environmental Production Member/Machine Operator/Spot Welder/Medical Assembler/Medical Manufacturing

Aerotek Services - Shoreview, MN

September 2015 to January 2019

Perform moisture and strength tests on carbonized pellets. Set up pellet bags, and label them by date, weight, and number. Run 4 inch extruder machines. Use forklifts to move product and help other production team members.

Run presses, while adhering to FDA mandates. Inspection performed on medical parts using: calipers, micrometers, smartscopes, tool scopes, microscopes, and visual inspections. I also learned how to sandblast, flare, and run various grinding presses, while performing quality checks on medical guide wires. Ran spot welding machines, crimped garden fences, learned brake press operation, helped on paintline, and special projects when needed.

Delivery Driver(self-contracted)

Gaels Gourmet - Saint Louis Park, MN

April 2011 to March 2018

Delivery food within a 12 mile radius, using my own vehicle.

Forklift Operator/Order Puller

Americold Logistics LLC. - Brooklyn Park, MN

September 2015 to March 2016

Run different forklifts, and pick frozen food cases in cold storage facility.

Freight Inspector/Inventory/Logistics

Towne Air Freight - Eagan, MN

June 2010 to May 2011

Measure freight for profits, load/unload trailers, record company statistics using private data based computer programs, calculate inventory, and quality control.

Made company over 60k in additional profits while employed there.

Barback(second job)

Gabbys Saloon and Eatery - Minneapolis, MN

April 2004 to June 2010

Rotate and stock alcoholic beverages, wash and stock glassware, and empty recycling bins.

Education

Some college

Skills

Customer Service (4 years), Assembly (5 years), Machine Operator (7 years), Inventory Control (2 years), Quality Assurance (1 year), Logistics (4 years), Environmental/Medical Production (2 years)

Additional Information

Great with people, numbers, attention to detail, and computers. I'm very confident in my abilities, and can multi cross train in numerous areas in the field.
