Work History

JBS Beef Plant

Sept 2019 - Aug 2020

Management support, Greeley, CO.

- Verify the head count of the cows and the kind. Records the producers name and lot number. Monitor the speed chain change every minutes.
- Keeping records of how many carcass rail out and writing down the reason why it was railed out. One example can be contamination.
- Making a correction on the computer because sometime the scale did not get the weight and miss ID number.
- Keep communication with supervisor and manager because sometime the Pens kill the wrong cows.

XPO Logistic

Nov 2015 - Apr 2016

Shipping/Receiving, Fort Worth, TX.

- Unloading the boxes from pallets, opens the box of the cell phone.
- Scanning the MIEI number and monitor the quantity on the computer. than put them to their belong baskets.
- Using paper cutter, scanners and computer.
- Packing the phone, print, labeling and prepare the order to be shipped.

R & A Home Care

Aug 2019 - Jun 2020

Personal caregivers, Centennial, Colorado

- So I was a personal caregiver for my 71 year old grandfather under the R & A home care.. I helped him with almost everything bathing, dressing, shopping, laundry, cooking. And I take him to appointment and reminding him on medication. Confronting him, talking with him and be there for him.

Education

High School Diploma

Jun 2015

Oscar Dean Wyatt
