Profile

- Strong work ethic, discipline, loyalty, and teamwork oriented mindset developed from, 6 years of training within the Army National Guard including: 8+ month deployment in Afghanistan, achievement award for highest exam scores of whole class during AIT (Advanced Individual Training), and persevering through harsh conditions, mental and physical, alongside subordinates, superiors, and team members alike as part of a functional unit
- Full ability to adapt and excel in new situations and environments developed through: completion of various military training and exercises including Basic Training straight out of High School life, survival and adjustment to a new and hostile setting during deployment in Afghanistan including innovative problem solving due to limited resources, and returning home to the states to live independently and pursue a college degree at MCTC after a long period of time in a foreign country submerged within an alien culture.
- Positive attitude and resolve to learn and advance shown through 3+ years of actively pursuing a college degree, taking constructive criticism to move into Supervisor roles at recent and current places of employment, and seeking better opportunity now to move forward with your company.
