My name is Sheldon Darnell, I currently live in Greeley, CO. I am looking to work for a stable company, I am a very fast learner and willing to do any type of work. Currently, I am working in the oilfield but with all of the uncertainties, I am looking for a career change. I am not afraid to get my hands dirty and do very physical work, but also able to carry myself in a professional manner and have an office type job. I'm a very loyal employee, and I'm just looking for a company I can stay for a long time and make a career out of it. Hoping for a great opportunity to capitalize on. I look forward to hearing from you. Thanks.

Willing to relocate: Anywhere

Authorized to work in the US for any employer

## Work Experience

---

### **Pumper**

S & S Pumping - Greeley, CO

February 2020 to Present

Check multiple oil locations throughout northern Colorado. Make sure everything on location is running properly. Fix problems if necessary. Gauge oil tanks. Report oil and water production on each location. Follow strict OSHA standards to make sure everyone stays safe.

### **Roustabout**

Amen Oilfield Services - Kersey, CO

March 2019 to February 2020

Fix oilfield equipment, build new oil pads, service separators, pumps, kimrays, pull out old existing pipe. Follow OSHA rules and regulations, report and unsafe environment, fill out JSA sheets for every location.

### **Erosion Control Specialist**

All Cowboy Erosion Control - Fort Lupton, CO

July 2018 to June 2019

Spray hydro mulch, install erosion log, tractor rip soil, straw, fertilize disturbed ground, tractor seed ground. A lot of out of town work, staying in hotels. Made sure to track and log progress of work. Report any issues, work together as a team to accomplish goals.

### **Installer**

Lynn Cunningham Appliance - Longmont, CO

September 2016 to July 2018

Haul, prep and install appliances in new apartments and homes. Receive stock. Mostly had a semi deliver up to 24 units of appliances a day. We would then unload the semi, unbox all appliances, prep appliances, then haul appliances on a dolly to every floor and every unit in the apartment complex. After hauling, we would then break off and start installing each appliance.

## **CNC Operator**

Remedy intelligence staffing - Firestone, CO

January 2016 to September 2016

Operated CNC machines. Mostly to make gun parts, some other materials such as watches. Load CNC machine with materials, deliver materials to co workers which was called a booster. Helped create and mix materials for machines. Recycled excess materials through grinding machines to re use. Wore a radio to report issues with machines and to follow orders of coworkers in need. Started moving into plastic molding before the company started laying off and eventually went out of business.

## **Lanscaper**

Alpine Gardens - Greeley, CO

June 2015 to October 2015

Responsibilities

Commercial landscaping. Put in plants, trees, rock, mulch, sprinklers, grass, etc for commercial buildings

## **Locator**

USIC

2014 to 2015

## **Oil field pumper**

S & S

2013 to 2014
