Using machine equipment to complete tasks .Performing routine inspections of manufacturing equipment. Evaluating the efficiency of each unit regularly identifying improvements as needed

Saw Operator/ Team leader

Truck Hero - Ann Arbor, MI

April 2016 to July 2022

We build tunnel covers for GM and Ford Motor Company and Chrysler. We also specialize in truck accessories, I also cut the underbody rails for the system I have to maintain a clean work environment and safe environment . I also have to measure every other rail to make sure they're the right length to fit the system. Then as I was promoted to team leader I had training all new people that came on to job . Go over the rules and Expectation on what we do on line and how things are set up . And the goal we have to reach . I put together a good crew once we learn each other.
