Work Experience

Parts Specialist

Third Coast Auto Group - Austin, TX

February 2020 to Present

At my current position my main responsibility is to take tickets given to my from the inspector, and order the parts on the list. I use their system to record price, ETAs, part numbers and any other special information needed to keep track of all of the orders. When parts come in, I take inventory and keep records of when they arrived and track all invoices for future reference. The parts shelf also gets checked by me for processing any returns and keeping records showing that our company gets credits. I also check to make sure that basic shop supplies are ordered so the technicians can complete their jobs.

Wafer Fab Technician

Cypress Semiconductor Corporation - Austin, TX

July 2017 to February 2020

Polish - Ran and qualified Tungsten Polishers, and Scrubbers. Worked with my team to keep the metrology tools loaded and staged with work.

Thin Films - Ran DNS scrubbers, Da Vinci cleans, Lam cleans, Copper strip cleans, Copper Deposition, In novas, and Producers. I coordinated breaks so there was always coverage on each tool set, and helped out in the areas that were busier.

Manufacturing Associate

Effex - Austin, TX

March 2014 to July 2017

DIFFUSION - Operate RCAs

- ETCH - Run Ashers, Metrology tools, FSIs, Vacs, Fusion Bakes
- CMP - Oversee Cu polishers, Scrubbers
- IMPLANT - High Current, Amp, Energy Implanters
