Letter setter

Coldspring Granite & Bronze - Cold Spring, MN
September 2016 to January 2020

As a letter setter you must read a work order to correctly build a memorial per a customers specifications. This includes picking the correct size & style of pattern, laying out and setting the correct size & style of letters and emblems. Everything must be set straight and measured out to specifications.

I have learned several other jobs at Coldspring which also includes making letter molds, making spin cast letters and working in the foundry on the line to make the sand cast mold to make the bronze product.
