Work Experience

Teacher/Instructor

Smaw, Gmaw, Gtaw - Commerce City, CO

February 2015 to Present

Teach students blueprints shop safety basic knowledge of welding in all processes
(Smaw, Gmaw, Gtaw)

Pipe fitter/Welder/Fabricator

Metweld - Altamont, NY

August 2011 to 2015

Metweld is a subsidiary of Gabeial Industries, specializing in liquid and gas, fuel heating and recovery skids for General Electric. My duties included pipe fitting, prep welding, and finish work.

Welder/Fabricator

All Lift - Albany, NY

August 2008 to August 2011

Duties included fabricating beams for General Electric to assist in the lifting of turbine rotors. I performed flux-core welding on carbon steel; cut, fit, and prepared beams for welding to completion.

Welder/Fabricator

Aquatic Development Group - Cohoes, NY

April 2007 to August 2008

Aquatic Development Group is an international corporation offering the most comprehensive and unique range of products and services in the aquatics industry. I was instrumental in fabricating and welding strainers for various water park rides. I performed TIG welding of stainless piping, pipe fitting and plasma cutting of various assembly parts. I also worked with stainless steel sheet-metal and blue prints to assist in the production of commercial grade products.

Welder

A.R.T Mechanical - Worcester, NY

August 2006 to December 2006

Contracted by Kraft Foods Inc. to rebuild and remodel sanitary process piping for dairy products at the Walton, NY plant. I was assigned to layout and TIG weld all sizes of stainless pipe, while fitting upgraded process pipe for their production of commercial dairy products.

Owner/Welder/Fabricator

Butch's Welding - East Worcester, NY
April 2003 to December 2006

Small business owner, performing all aspects of welding repair, including but not limited to, lawnmower repairs, metal commercial signs, motorsports accessories and steam and gas turbine repairs for GE. Essential processes included GTAW, SAW, GMAW, SMAW and FCAW.

Education

Diploma in Welding

Baron Institute of Technology - Manchester, CT

Skills

Experienced in all aspects of welding

Certifications/Licenses

Certifications available upon request

Additional Information

Business owner and professional welder experienced in all aspects of welding and fabrication. I was a business owner for 3 years, performing all business duties including, but not limited to sales, daily operations, management, foreman, fabricator, steam and gas turbine repair and research and development.
