

**STEVEN G. HAUGEN**  
**9100 Terra Verde Tr.**  
**Eden Prairie, MN 55347**  
**(952) 943-1396**

**QUALIFICATIONS**

- Experience in electrical and mechanical assembly.
- Experience as a production operator and machine operator.
- Experience in electrical wiring, precision assembly, and soldering.
- Ability to communicate with all types of people.
- Detail oriented.

**WORK EXPERIENCE**

- 2016-2017    **DataCard.**  
Mechanical assembly.  
Mechanical Manufacturing Security Card Printer by installing motors, rollers, cables, power supplies, springs, media guides, and cable wiring to printer base.
- 2014-2016    **Ten K Solar.**  
Mechanical assembly.  
Mechanical Manufacturing of solar panels by installing energy conversion circuit boards onto housing and reflector glass subassemblies onto frame, testing circuit boards with in house test equipment. General computer operation.
- 2011-2014    **Interalia System Corp.**  
Mechanical assembly tech.  
Manufactured communication systems for light rail cars, soldering, assembly, crimping, testing with ohm meter, packaging and shipping. General computer operation.
- 2009-2011    **Eng-Genius Technologies**  
*General Production.*  
Re-Worked circuit boards doing soldering of components and wires onto livewell timers. Packaging and shipping of orders. General computer operation.
- 2006-2009    **HOLADAY CIRCUITS**  
*Machine Operator.*  
Worked in circuit board manufacturing to operate printing machine to apply bare boards to artwork for preparation of photo-resist development of multilayer circuit boards. Also operated oxide machine to clean and strengthen board for lamination.
- 2006            **AEROTEK, INC.**  
*Mechanical Assembly.*  
Prototype assembly work. Measure, cut, and apply seal to frame, apply glass to frame, align for proper fit, bolt unit to frame, and wire components to frame.

**EDUCATION** Graduated from Hancock High School.
