Subject: RE: Worker's Comp locations

Still not great at all hardly any sleep throwing up from the meds and I feel like the pain is moving lower and lower down my arm I'm a mess honestly my husband is paralyzed from the chest down usually I help him with a lot of things and now he had to help me get dressed and tie up my hair it's frustrating but we're managing I just wished at the very least the meds would help a little but I can't hold them down

Hi Stormy,

How are you feeling today?

Thanks,

Caitlin Scholl
