WORK EXPERIENCE

CNC Machine Operator

Harbor Manufacturing - Tinley Park, IL – March 2015 to present

Responsibilities

Loading and unloading steel parts on fixtures after they are finished checking the quality with manometers, gauges, pin gauges, bore gauges, changing the tools in the machine and cleaning out the machines at end of the shift

Able to read measurements and blueprints

CNC Machine Operator

Hadady - Dyer, IN - June 2012 to March 2015

Responsibilities

Worked with heavy machinery from finish to start. Worked with computer controlled equipment to make sure they are working properly and delivering great quality. Monitored the equipment to ensure proper function through the whole process. Cleaned and recalibrated machines. Created production reports for the machine I operated.
