Work Experience

Crew Member

Osmose Utilities Services Inc - Fort Collins, CO

January 2020 to Present

I currently am working at Osmose as a temporary job. During my days I am digging holes 18" deep around utility poles and then proceed to chip off the decayed wood so that we are able to treat the good wood with a preservative which allows the wood to stay better longer. Typically I work 8-10 hour days Monday through Friday and the occasional Saturday.

Sales/Logistics Coordinator

The plug supply - Loveland, CO

March 2019 to April 2020

At The Plug Supply I was a logistics coordinator. In my time there I was in charge of keeping inventory on all shipping materials and properly packaging any orders that came through our website. During this process I also made sure that any orders were taken directly to FedEx to be shipped to customers. In addition, I was also in charge of receiving any shipments and doing intake on the shipments with proper documentation. Towards the end of my time at TPS I was awarded best team player for coordinating not only shipping and receiving but also coordinating many internal affairs such as transportation to and from airports, hotel booking, and helping any way I could to make every ones job easier on a daily basis. Occasionally I would be on sales calls and normally I would be creating lead sheets using Microsoft Excel. On a daily basis I used all the Microsoft Office modules and overtime I have become proficient in each one.

Delivery Driver/Customer Service

Domino's - Wellington, CO
