### **Quality Control Inspector**

C. & D. Metal Products - Northglenn, CO  
January 2018 to Present

Inspection of all parts going through out shop. First article inspection done on every first part in every department, from Laser/Punch press, de-burr, Press break, Hardware, Welding, Assembly, and Machine shop. All products are 100% inspected before outside processing and shipping to customer. First article reports as well as PPAP reports typed and emailed to customer. I was also in charge of all in process work throughout the shop, walking around to every work station making sure they are running to right print specifications.
