## WORK EXPERIENCE

### Quality Lead

Bach Composite Colorado - Fort Lupton, CO - August 2015 to Present

#### Responsibilities

Inspect fiberglass molds to company and customer standards and make sure production goals are met at required day and time.

#### Skills Used

Leadership skills, learning quality standards of the product for the customers.

### Senior Lead

Golden Aluminum inc. - Fort Lupton, CO - March 2007 to August 2015

#### Responsibilities

Manage a 7 man crew in a high production aluminum plant. I operate the oldest block chilling caster machine. Maintain quality and safety throughout a 12 hour shift each day.

#### Accomplishments

I have accomplished an important role in becoming a Senior Lead in just the first 4 yrs of employment, and becoming an asset to the company. Also and most important have learned the importance of safety in the workplace.

#### Skills Used

Management, safety, able to operate a forklift, currently in lead training classes, to become a more efficient lead.

## EDUCATION

### High School Diploma

Fort Lupton High School - Fort Lupton, CO

2000 to 2004
