The National Criminal Database Search is a 50-State Felony/Misdemeanor Search that pulls data from all participating jurisdictional databases. Please note that all records pulled from this search will need to be validated through an additional County Criminal Search in the jurisdiction a potential record was found. The Global Watch & Abuse Registry Search is an instant tool that cross-references your candidate's name against over 130 worldwide known terrorist and fugitive databases that include prohibited parties considered to be a threat to global and national security. OIG, GSA, CSL, BIS, and DPL is included with this search. This information received from AccusourceHR shall not be used as the sole determination for the evaluation of any applicant or tenant. As the requester, you agree that all information received for pre-employment or tenant purposes shall be used for lawful purposes. Complying with the Federal Americans with Disabilities Act, the Federal Equal Opportunity Act, the Federal Fair Credit Reporting Act and any other Federal or State privacy or confidentiality law, now in effect or hereafter adopted is your responsibility. Where possible, reports containing criminal charges have been verified with the appropriate court or bureau. These searches are name searches, and typically use date of birth or other identifies when possible. The only greater identification might be with the use of fingerprints or DNA tests. Total accuracy cannot be guaranteed, as the data submitted by the requester will directly determine the accuracy of the results obtained.
