Perfect place to stay when visiting Mayo Clinic

Our experience was exceptional. The hotel is within walking distance (about 1 mile) to the Mayo Clinic buildings and restaurants. I booked the room directly and spoke to Tonya. She is warm, very accommodating, fantastic! Booking directly allowed us some flexibility that we would not have had using online booking sites. (They 'get it' that while planning a trip to the Mayo Clinic you really don't know if you will be there for 4 days or 14 days.) I was traveling with my 19 year old son/young man. The room was perfect, in that we could have the right amount of privacy/alone time if needed - we stayed in a room which had a separate bedroom area from the living room/kitchenette area. The room was clean, quiet, and onsite parking was helpful. Overall, the best experience possible under not exciting, not your typical fun vacation circumstances. Also important to us was free WiFi, and the evening soup & salad bar was nice if you didn't feel like venturing out.
