## Work Experience

---

### **Mechanical/Electronic Assembler**

PhoenixNMR - Loveland, CO

September 2021 to Present

Participates in continuous improvement and lean manufacturing initiatives.

Assembles scientific NMR instruments including but not limited to PC boards, hardware, wiring and labels.

Assembles connector assemblies, cables and wiring harnesses (limited).

Completes documentation as required by written procedure.

Applies staking, epoxies, and other potting materials

Inspects board assemblies for correct part value.

Prepares components to be loaded into circuit boards and electrical assemblies by bending and lead forming.

Adds and solders components (through hole and/or surface mounts) to printed circuit boards.

Applies and inspects conformal coating on printed circuit board assemblies.

Takes care of all responsibilities in the company's shipping & receiving department.

### **Electrical/Mechanical Assembler**

Command Light - Fort Collins, CO

March 2021 to September 2021

Assemble various models of light fixture motor assemblies for emergency response vehicles, wire light fixtures to fire trucks, operate shop tools, power tools and basic knowledge of using a measuring tape, read wiring diagrams and blueprints, work with coworkers to complete large projects such as the completion of entire light assemblies/installation on large emergency response vehicles.

### **Repair Technician**

uBreakiFix - Fort Collins, CO

November 2020 to March 2021

Performed various repair procedures on iphones, androids, and other smartphones. Followed procedures as per company policy. Answered phone calls, scheduled appointments, performed customer service at front desk, and completed various training courses to increase my job-specific knowledge.

### **Landscaping/Maintenance**

Jellystone Park at Gloucester Point - Gloucester Point, VA

June 2020 to August 2020

Performed general maintenance on campsites/cabins, landscaping/groundskeeping around the campground, escorted customers to their campsites, late-night security rounds, various plumbing jobs ranging from pipe replacement to toilet repair.

## **Plumber**

Roto-Rooter Plumbing & Water Cleanup - Virginia Beach, VA

August 2019 to April 2020

Completed a 3 month plumbing apprenticeship which taught me the necessary skills needed to be a full time plumbing technician.

Provided commercial and residential plumbing services ranging from drain cleaning to plumbing excavation to pipe repair/replacement using a variety of different pipes/fittings, hand tools, power tools, and industrial plumbing snakes.

Well versed in hot/cold water applications, installing plumbing fixtures, pipe hanging/fitting, and building codes.

## **Aviation Electronics Technician**

United States Navy - Virginia Beach, VA

March 2016 to August 2019

Performed scheduled/unscheduled maintenance on COMM/NAV, IFF, RADAR, and Weapon Control Systems on 63 F/A-18E/F Super Hornet aircraft.

Installed electrical and electronic components and assemblies.

Laid out installation of aircraft systems following documentation such as wiring diagrams, blueprints, and manuals.

Coordinated work with engineers, technicians and other aircraft maintenance personnel.

Assessed aircraft electrical systems to ensure proper functioning.

Performed scheduled and unscheduled inspections to check flight readiness of aircraft.

Utilized testing equipment such as oscilloscopes, ammeters and ohmmeters.

Diagnosed faults and developed resolution plans.

Followed standards and procedures to maintain safe work environment.

Stood several different watch posts including Hanger Security, Barracks Roving Security, and Barracks Petty Officer.
