## Experience

### **Delivery Driver**

Wylaco Supply Company

July, 2019 — August, 2024 (5 years)

I get the truck loaded with whatever orders are currently available load my truck and then go deliver the construction supplies. Once i get to the desired location i call or meet with the customer and get the product signed over and off loaded. this is done in all weather. once the truck is clear of loads i go back to the shop and do it all over again until its time to leave.

### **Manager**

Boondocks Food and Fun

May, 2017 — July, 2019 (2 years 2 months)

As the manager at Boondocks i was responsible for pretty much everything, From cleaning or delegating tasks all the way to fixing rides or anything i knew how to fix. Day to day i would go in and get all the registers counted and put in the rightful places. after that i had to make sure things are clean and ready to open like the bathrooms or lazertag. Had to test all the games as well as do some light kitchen work. If the day got super busy i would be running around catching radio calls as i could get to them. nothing to out of the ordinary for a manager to do but also alot of basic manager duties as well

### **Forklift Material Handler**

FedEx

February, 2015 — May, 2017 (2 years 3 months)

Check forklift for any faults before during and after use. Move full pallets from sort line and replace with new empty pallet. Place shipping label on sides of pallet and place pallet in the correct location to be loaded. Grab overflow bins and take themback to the sort machine to be re-sorted. load trucks by hand and forklift, unload trucks by hand and or forklift.

## Education

### **Emily Griffith Technical school**

Welding Level 1, Welding Level 1, January, 2012

i earned my level 1 certificates in stick welding, wire fed welding and TIG welding

### **University of Northern Colorado**

n/a, Criminal Justice, January, 2011

i ended up not liking the path i chose there so i left and got my welding certs at emily griffith tech school
