Team Employment - McPherson, KS
July 2018 to October 2018

Operate a blast rig to sandblast customer products. Operate a paint rig for high end/ large areas of surface.

Rig Hand

Sunflower well service - Canton, KS
July 2015 to June 2018

oil rig operator. Operated a mobile crane rig to repair/ service maintenance to oil wells owned by costumers as well as companies. I was in charge of a 3 man crew. I had to talk to the customer about what was going wrong with the oil well and assess the damage and explain the repair process. Reading blueprints was also essential to the job due to the fact that every oil well has different measurements.
