Work Experience

Excavation Laborer

Payless Rooter - Wheat Ridge, CO

April 2019 to July 2019

Worked with a crew of four to complete sewer and water line replacement. Ensured that all safety precautions were taken when digging trenches. Used an excavator to trench out the yard of the customer to fix damaged pipe and install with new and up to date pipe.

Construction Worker

RPM Builders - Denver, CO

January 2018 to August 2018

In the time period I worked for RPM Builders I was trained in how to install bathroom floor/wall tile. Most of my work was done at Balfour Retirement Homes, remodeling units when residents would move out. Remodeling included installing new kitchen appliances, paint touch ups and new colors if necessary, installing doors and hardware. Was also main demolition man on the job site depending on the number of units we had assigned.

Roofer/Laborer

Stonebrook Roofing, Inc. - Westminster, CO

June 2017 to August 2017

My duties as a general laborer consisted of helping my lead foreman with whatever job site we were on that day. We were mainly a commercial business so most of our work was done on apartment complexes with multiple buildings. Work ranged from the repair/installation of shingles, application of cement coatings, to operation of the forklift and boom lift.

Demolition Laborer/ Renovation Crew

Young Construction - Mason City, IA

January 2013 to August 2013

Would go into condemned houses and strip out all of the old foundation, moldy insulation, torn carpet and much more. Also a part of the remodeling process which consisted of tearing out and replacing decks, cabinets, carpets, etc.

Tree Trimmer

Keeling Tree Service - Mason City, IA

January 2010 to March 2013

Would drag tree limbs and logs into the chipper for an easy disposal. Also provided the removal of stumps after the tree was taken down. To make sure the tree was completely dead, the pesticide Tordon was used to kill the roots.
