WORK EXPERIENCE

Machine Operator

Imperial Manufacturing Group - Alton, IL - August 2011 to November 2013

Responsibilities

Operated various machines to fold, form, punch, colatch, and box several different metal products from raw sheet metal blanks and coils. Assembled and separated various plastics products to run them through shrink wrap heat tunnels, and boxed and palletized items for specific jobs. Worked, formed, cut, and boxed stoveboard sheets. Configured, and ran flex pipe laminate machines.

Accomplishments

Learned how to operate a stand up Raymond forklift. Raised morale daily with my upbeat, energetic attitude, which prepared me to take charge of my responsibility for each day.

Skills Used

Time management, keeping up to date paper records of daily production, communication skills, and expanded appreciation for good work ethic, environment, and good coworkers.

EDUCATION

Diploma

Granite City High School - Granite City, IL

2003 to 2007
