### **Production Associate (Temp)**

GE Aviation - Batesville, MS

September 2019 to March 2020

Provides & builds jets and turboprop engines, components and integrated systems for commercial, military, business, and general aviation aircraft.

### **Picker/Quality Control**

Future Electronics - Southaven, MS

June 2016 to August 2019

This job deals with LED components.

Picker: Picks various different orders for customers. We have to make sure that the MPN is correct, and the right amount is picked that the customer ordered. Also, we have to check for any damages to the parts before sending them to quality control for further inspection.

Quality Control: Checks behind the picker before shipping the product to the customer. Quality control has to check to make sure that MPN & that the quantity is correct before shipping it off to the customer.

## **Parcel Assistant**

FedEx Smartpost - Southaven, MS

August 2014 to September 2014

This job handles federal packages.

Material Handler: Handles different packages across the world. Material handlers have to make sure the correct parcels are being sorted on the correct line. Also, I have to make sure that the packages end up on the correct pallet to be sent to postal service for delivery. I also have to stack packages on a pallet to at least 3 stories high and make sure that the pallet is wrapped properly before it departs.
