# Tyler Curtis

---

## SKILLS

- Fast learner:
  - I have always prided myself on my ability to adapt to situations and grasping concepts swiftly.
- Technophile:
  - For years I have acquired computer troubleshooting skills for various problems such as failing hardware, driver issues, and compatibility problems.
  - I have experience in several programming languages:
    - Html/Css/Javascript/Python
  - I have experience in the construction of computer systems and the hardware in them.
- Communication:
  - I speak comfortably in public situations.
  - I am a good listener who can provide clear solutions and ideas.
- Strong Work Ethic:
  - I take pride in all the work that I do no matter how menial or routine the work.
  - I am a supportive person that cooperates effectively with a team.
- Independent:
  - I am adept at taking charge in a situation and completing my job without the need for direct intervention or guidance.
- Adaptability
  - I have strong skill in adapting to situations and managing stress along with multitasking effectively.
