Work Experience

Owner/operator

Fontanini Machining & tooling

August 2003 to January 2020

Built the business from Mepco LLC my previous employer to a full CNC shop with 11 CNC machines. We made parts for large manufacturing businesses as follows. Marel Townsend, Fisher Controls, Relco, All State Engineering, Interstate Plastics, Quality Manufacturing. In directly through customers did CNC machining for Harley Davidson, Polaris, Indian Motorcycle a subsidiary of Polaris, Camo (Camoplast).

Business had 11 CNC machines with multiple secondary machines. From 2 axis to 5 axis machines with live tooling.

CNC Operator, Programmer

Mepco LLC

December 2001 to August 2003

Setup and ran CNC machines, Learned to program machines and took over programming for the whole cell which I ran. Went from 1 machine to 4 machines self-taught and running all 4 with no supervision December
