Authorized to work in the US for any employer

WORK EXPERIENCE

Machine Operator/Material Handler

Miller-Coors - Golden, CO -

2017-09 - Present

Operating heavy machinery and maintaining function. Quality assurance. Prioritizing tasks to maintain efficiency.

Manufacturing Technician/Machine Operator

Hubbell Power Systems - Aiken, SC -

2012-12 - 2015-12

The bill of materials that I maintained not only drove part requirements to our vendors and suppliers, they also allowed the assembly planning department to create assembly work orders and assembly instructions that aided technicians in assembling machines correctly.

Mechanical technician who will work from assembly instructions, schematics, diagrams, written and verbal descriptions, layouts, and plans to build, test, and troubleshoot electro-mechanical assemblies and sub-assemblies.

Crossed trained as a machine operator responsible for checking temperatures, removing waste from product, and maintaining maximum efficiency.

Performed Quality Assurance checks and maintained a safe work environment.

Assisted in the assembly/installation of such products and collaborated with stage technicians as needed to refine and fine tune the assembly process to ensure durability, dependability and fast load in/out times on the road.

Trained new technicians and assembly personnel on all mechanical sub-assemblies, final assembly and test procedures, using bill of materials, travelers, document control and manufacturing workmanship standard.

Laborer/Helper

Aiken-Augusta Tile & Marble Installation - Aiken, SC -

2006-05 - 2010-10

Cut materials to specified sizes for installation using wet saws and tile cutters. Cut and set durock as needed. Arranged and stored materials, machines, tools, and equipment. Continually cleaned work areas and equipment. Used grouting trowels to apply grout between joints and underneath the tiles. Mixed thin-set. cut and set tile, stone and marble. Did side jobs installing sheet-rock, painting, hardwood flooring and cut man for decks.
