I am a young and driven individual, who has worked in the CNC industry since I was 14. I have experience with CAD and CAM design, CNC programming and operation (i.e mill, lathe press break, punch press, water jet).

Authorized to work in the US for any employer

Work Experience

CNC Programmer

Bemox Manufacturing - Denver, CO

July 2020 to Present

Lead CNC Programmer for a small manufacturing company. Use 3D CAD and CAM softwares (Fusion360, Solid Works, Master Cam) to develop programs for multiple cnc machining centers. I am responsible for establishing tooling, fixturing, and material requirements for each job that comes to the floor. I work with tolerance's between +/- .005 to +/- .0001 on a regular basis.

Fabrication Supervisor

NOVA Automation - Denver, CO

June 2019 to July 2020
