Work Experience

Warehouse

- Arranged pick tickets to keep work area organized and readied stock to set on pallets, operated cherry picker and reach truck to pull products ordered for shipment
- Operated forklift to load semi-trucks for delivery or to unload products to be restocked in the warehouse, and maintained a clean and safe work area to ensure company safety policies were maintained
- Pulled orders to be shipped out on time and checked to make sure all orders were damage free and packaged for safe delivery, maintained and rotated stock to keep products in date, saving the company money and time

Shipping and Receiving

- Recorded shipment data, such as weight, charges, space availability, and damages and discrepancies, for reporting, accounting, and recordkeeping purposes
- Determined shipping method for materials, using knowledge of shipping procedures, routes, and rates, packed, sealed, labeled, and affixed postage to prepare materials for shipping, using work devices such as hand tools, power tools, and postage meters
- Examined contents and compared with records, such as manifests, invoices, or orders, to verify accuracy of incoming or outgoing shipment, prepared documents, such as work orders, bills of lading, and shipping orders to route materials
