

"your workforce management & staffing experts"

4-17-15

Dieu Vuong,

I am writing this letter so there is not any misunderstanding and possibly someone from home can read this to you and help you understand better.

Huisken Meat Company no longer would like for you to work for their company. The lead supervisor (Dale Sennie) has asked you multiple times to stay in your spot and to not leave the area you are assigned to.

Last week (April 10th) he switched you from the Flow Wrap Machine to the Dimension line because you were pushing people out of the way and moving the garbage can closer to you and not leaving it in the middle.

This week Dale had you working on the Dimension Line and you continuously left your area and then your spot would back up.

As of today; April 17th, 2015 you are being terminated of your position at Huisken Meat Company.

I will mail your last check to you next week at the following address: 813 13th Street N., Sauk Rapids, MN 56379

If you move to the Twin Cities Area; CMG has other companies that we work with and you would be eligible to apply at any of those companies. It was a pleasure getting to know you. Please feel free to contact me if you or any of your family members have any questions.

Renee Burns

A handwritten signature in black ink that reads "Renee Burns". The signature is written in a cursive, flowing style.
