## Work Experience

---

### **SPR Associate**

Andersen Windows and Doors - Bayport, MN

January 2018 to Present

I currently work in the Special Product Request department, which deals with the cutting of custom parts for gliding patio doors. The job requires me to pick the orders and then cut them to custom specifications and then deliver them to the lines for assembly. I am forklift and electric pallet jack certified. I have held this position since September 2020. Prior to this I worked on the assembly line where I assembled and packaged both stock and custom gliding patio doors. I also held the position of lead operator from January 2018 to March 2019.

### **Merchandising Execution Team Supervisor**

The Home Depot - Minneapolis, MN

June 2006 to January 2018

As an associate at The Home Depot, I held multiple positions at multiple locations throughout my employment with them. Prior to MET supervisor, I was garden department supervisor, kitchen and bath department supervisor, millwork department supervisor, flooring specialist and millwork specialist. I was forklift, reach truck, electric pallet jack and order picker certified. I was a key carrying supervisor, which meant I opened and closed the stores.

### **Custom Millwork Associate**

Custom Millwork - North Saint Paul, MN

January 2004 to March 2009

I built custom columns, newell posts, mantels and arched casing for doors and windows. I also built interior residential doors and frames. I would assist with deliveries and installs as needed. I was forklift certified.

### **Millwork Associate**

Summit Doors and Millwork - Saint Paul, MN

June 1999 to January 2004

I ran the CNC machines that prepped the commercial doors for locks and hinges. I worked in the frame department where we machined the frames from rough cut lumber. Also worked in shipping and receiving where I crated and palletized doors and frames for shipping across the country. I was forklift certified.

## Education

---

### **High school diploma**

Centennial High School - Boise, ID

September 1991 to June 1995
