Work Experience

Glazier/Installer

Handy Glass - Loveland, CO

July 2019 to Present

As a glazier with Handy Glass my job is to schedule measurements and installs. I do the measurements and estimates. I remove and replace insulated glass units.

Maintenance

Retreatia - Steamboat Springs, CO

November 2018 to June 2019

As a Maintenance worker my job was to perform multiple repair tasks throughout all properties and complete work orders assigned to those repairs. Repairs consisted of dry wall repair, painting, thermostat and electrical receptacle replacement, appliance repair, wax ring replacement, replacing flapper and supply valves within toilets, and other small repairs. I drove the plow truck and lead snow removal of all properties, including all shoveling of decks and walks.

Auto parts stocker

Advanced Auto Parts

August 2018 to May 2019

As an auto parts stocker my job was to receive all parts shipped in everyday. I made sure all parts that were ordered did arrive and insured their good condition. Stocked warehouse with auto parts.

Appliance Delivery

Sears - Steamboat Springs, CO

May 2018 to August 2018

At Sears I scheduled each day the night before by calling each customer and arranging their installation. Loaded and unloaded appliances. Delivered appliances and installed them after removing the old ones.
