## Work Experience

---

### **Whole Foods Employee**

Whole Foods Market - Superior, CO

August 2018 to April 2019

I was an employee at whole foods i was in the meat and seafood department. i would essentially just stock the whole counter and maintain it making sure product was always in it and i would give customers the product they would ask for and the amount of how much want and wrap it up label and get it ready to be purchased at the registers. i would as well do closing activies wrapping the case and preserving the products to make sure that it would not go bad. i would as well clean the counters switch out pans and clean the old ones and put in new ones. i would clean the floors and pull any product from the floor that was expired.

### **Warehouse Worker**

A.R.C - Firestone, CO

May 2016 to August 2018

i was a employee at a gun manufacturing company for about two and a half years. i started as a assembly line worker doing various tasks to make sure the gun parts were made correctly and to make sure they were usable before sent out. After a while i took a different position as a Destager B-Blaster and a Tumblr where i would take gun parts and make sure they were sent to the correct areas and to make sure the count was correct when i would destage.when i would b blast i was essentially cleaning the gun parts using small sand particles to make them shine. when i was tumbling the gun parts i was just putting them in a machine and using different types of stones called media to get debris and other small particles off the gun parts.

### **Dishwasher/Busser**

Lafayette, CO - Lafayette, CO

it was a pretty simple standard job i worked at a resturant as a dishwasher for a couple months and simply cleaned and put away dishes. after a while i became a busser where i would go get the dirty dishes from customers tables and would take them to the dish pit to be washed. i would get customers water and various other drinks they would ask for. in the morning as a busser i would set the tables and make fresh jucies and coffee. at the end of the day i would reset all the tables and prepare for the next morning as well as clean the lobby by sweeping and mopping it.

### **Manufacturing Associate**

Molecular - Gunbarrel, CO

I worked in a warehouse as a assembly line employ for a couple months just packing up small items we would make for hospitals. I then got transferred over to the compounding side where i would take different material and mix it making sure that it was ready to be molded into different various parts.

**Deli Associate**

Safeway - Louisville, CO

I worked in the deli in safeway i would just deep fry different meats and soups and serve to customers i would as well cut and slice differnt types of deli meat and cheeses and package up the amount that they want. in the end of the day i would clean the counter and the slicers as well as the deep fryer. and throw away and trash or product that didnt get sold during the day.
